COMPETITION & DEMONSTRATION FIELD

Sponsored by Chase

Marvel at the variety of styles, shapes, colors, and sizes of kites during competitions and demonstrations. The **Kite Ballets** showcase master kite fliers synchronizing the movement of their kites with music and each other. Check out performances from members of the **Wings Over Washington Kite Club** and the kite performance team, **180 GO!**, who fly their quad-line stunt kites in dynamic formations and perform aerial maneuvers choreographed to music. Multi-line kite fliers show their skills in the **Hot Tricks Showdown** where they engage in a series of one-on-one competitions and maneuver their sport kites in amazing flight patterns during 30 seconds of music. Spectators are encouraged to show enthusiasm and the winners are selected by audience applause. In the **Rokkaku Battle**, teams fly hexagonal fighter kites commonly flown in Japan as they try to ground opposing kites.
